

A GALLERY WALK

*featuring the artwork of
Paulding Fine Arts Association
Members*

*Use this booklet to take a stroll through the work of
local artists.*

Paulding County Parks, Recreation, and Cultural Affairs has generously donated its wall spaces for the displaying of our association's artwork. Please remember to thank them for the experience of walking through an art gallery right here in Dallas.

This installation will occasionally be refreshed with new work as the seasons change. The Fine Arts include canvas paintings in various media as well as artistic expression through glass, wood, metal, textiles, clay, paper, and... well... just about anything you can manipulate with your hands, mind, and heart

Instructions for using this booklet begin on page 3.

Please return this when you finish.

It will help us to reduce printing costs.

A GALLERY WALK

Your path is a loop along the left-hand walls beginning at the glass entry doors to the large anteroom outside the ballroom.

Stay to the left-hand wall, viewing the artwork along the outside wall and then looping back along the opposite wall and back into the anteroom.

(do not enter the ballroom)

Follow the long wall outside the ballroom and then down the hallway into the main reception area.

Pass by the reception desk and front doors, then continue to walk along the left-hand walls, enjoying the art and using this guide to identify the artist, media, and if the piece is for sale.

You can begin your tour at any point along the Gallery Walk path. Standing in front of a painting, just flip through the pages until you find it. Begin your walk at that point, remembering to keep to the left-hand wall.

Interested in a particular piece of artwork? See our contact information on the previous or the back pages.

Please remember to return this booklet when you finish the Walk. It will help us to reduce printing costs.
